

# WRAP-ON®

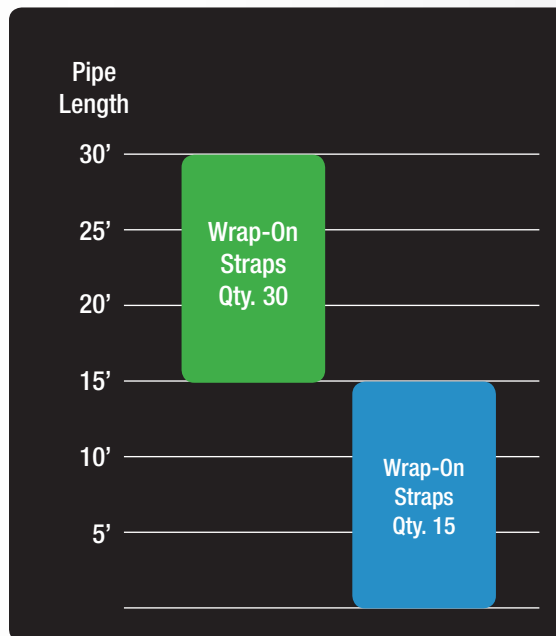

## Wrap-On Straps

Secure it right, Secure it tight with Wrap-On Straps

- 6 7/8" long and comes in 15 and 30 count packages
- Great reusable alternative to electrical tape
- Adjusts easily with no sticky residue
- Moisture resistant
- Easy Installation

These strips have been designed for the purpose of attaching pipe heating cable to Copper and PVC pipes, and can also be used to attach Fiberglass Insulation.

Choose the Wrap-On Straps quantity by following the Pipe Length Chart below.

For additional pipe lengths, we recommend 1 strap per foot of pipe length.
